American Perfumer

Index of Volume 76 **January-December, 1961**

Published by Allured Publishing Company
418 N. Austin Blvd., Oak Park, Ill.

A

Absorption, histochemical studies on the percutaneous, of substances through normal skin–M. Bradshaw July 15

Abstracts from 8th annual seminar of the Society of Cosmetic Chemists, Biological Activity in Cosmetics, Oct. 49

Abstracts from the scientific section of the Toilet Goods Association, May 54

Abstracts from the scientific section of the Toilet Ggods Association, Dec. 24

Abstracts from the scientific meeting of the Society of Cosmetic Chemists, Dec. 25

Abstracts from the semi-annual scientific meeting, Society of Cosmetic Chemists, June 67

Abstracts of American Medical Association's annual meeting (Symposium on problem of aging skin), July 34

Abstracts of papers presented at the symposium on the Scientist's Contribution to the safe use of cosmetics, Committee on Cosmetics, American Medical Association, Jan. 37

Abstracts of papers at symposium on cosmetic problems in general practice, committee on cosmetics, American Medical Assoc., Oct. 36

Acanthaceae (Bear's Foot Family) Fragrant Flowers and leaves–Edward S. Maurer, Nov. 47

Acid-base theory, application of, to product formulation –Robert J. Gerraughty, April 31

Active agents, pharmacologically, in cosmetics: Part I, Some definitions and basic considerations–Dr. Richard E. Faust, Sept. 19; Part II, Examples of current trends, Sept. 22

Activated carbon adsorbs essence to recapture dwindling market–Dr. Murray Berdick, Sept. 39

Aerosol container corrosion, find cause and remedy for, Nov. 43

Aerosol packaging, mounting cosmetic sales show power of–Thomas M. Hartley, Aug. 54

Aerosol technology, European contribution to–Dr. Hans Kubler, Dec. 35

Aging skin, problem of, symposium on (American Medical Association annual meeting, abstracts of), July 34

Allergic consumer, your duty to warn the–Frank J. Chut, Feb. 41

Allergies to cosmetic products–Edward J. Masters, Jan. 25

Almond oil, sweet, an emulsion study with–William G. Sunkes and Glen J. Sperandio, Oct. 26

Alpha-Diketones, preparation and properties of–Dr. Kurt Kulka, Nov. 23

American society of Perfumers, news of–William Lambert, Nov. 58

American Society of Perfumers, Inc., The; 7th Annual Symposium, June 38

Antiperspirant-deodorant preparations, use of ion exchange resins in–reports of the late Dr. Francis M. Thurmon, Sept. 30

Apocynaceae, fragrant flowers and leaves, Part I, (Dog Bane or Periwinkle)–Edward S. Maurer, April 43

Aromatic Chemicals, how vapors of affect bacteria–Jasper C. Maruzzella, Michalyn M. Garofalo and Joseph S. Chiaramonte, Feb. 35

Award Winners show the trend in packaging–Walter Frank, May 46

B

Baby shampoos–H. S. Mannheimer, June 36

Baths, bubble, present trends in–Dr. Karl Heyman, July 17

Bear's Foot Family (The Acanthaceae) Fragrant flowers and leaves Part II–Edward S. Maurer, Nov. 47

Bergamot, a sensitizer is?–Robert E. Horsey, Oct. 31

Biochemical and physiological changes of the aging skin –Irwin I. Lubowe, Nov. 44

Biologicals and chemicals, synthesizing by microorganisms–Oldrich K. Sebek, June 27

Bleaching compositions (British Patent), Dec. 31

Physical Pharmacy by Alfred N. Martin, Nov. 20 Merck Index, 7th Edition, Nov. 20

Bubble baths, present trends in–Dr. Karl Heyman, July 17

C

Canada and U.S.A., cosmetic relations between–J. P. Stewart, May 27

Canadian customs, what, affect the cosmetic industry– P. P. Last, May 23

Canadian Market, what is the–Jacques Parent, May 28

Canadian sales, hair preparations head, Feb. 45

Carbon, activated, adsorbs essence to recapture dwindling market–Dr. Murray Berdick, Sept. 39

Changes of the aging skin, physiological and biochemical–Irwin I. Lubowe, Nov. 44

Chemical additives to soap–Paul I. Smith, March 51

Chemicals and biologicals, synthesizing by microorganisms–Oldrich K. Sebek, June 27

Chemistry and use of iodophors– J. J. Connor, May 44

Colloidal solutions of lanolin in oils–Rachel C. Heald, Nov. 37

Communication, the problem of–Warren Schultz, Nov. 41

Company profile, Lanolin Plus–Jill Jessee, April 51

Comparative testing of preservative systems–L. H. Macdonald, July 22

Consumer, allergic, your duty to warn the–Frank J. Chut, Feb. 41

Container, find cause and remedy for aerosol, corrosion, Nov. 43

Containers, there's variety in stock glass–P. E. Roehrich, Aug. 42

Contribution, European, to aerosol technology–Dr. Hans Kubler, Dec. 35

Corrosion, aerosol container, find cause and remedy for, Nov. 43

Cosmetics, biological activity in, (abstracts from 8th annual seminar SCC), Oct. 49

Cosmetic buyer's opinion, a–Walter R. Frank, July 32

Cosmetic firm, U. S., operating in Canada, problems encountered by, May 25

Cosmetics in squeeze-to-use tubes, packaging–Henry E. Griffith, Aug. 48

Cosmetic industry, what Canadian customs affect–P. P. Last, May 23

Cosmetic line, is yours appropriately packaged–Wallace Ungemach, Aug. 38

Cosmetics, packaging in collapsible metal tubes increases –Anthony A. D'Antonio, Aug. 52

Cosmetics, packaging in metal—Frank White, Aug. 57
Cosmetics, pharmacologically active agents in: Part I, Some definitions and basic considerations—Dr. Richard E. Faust, Sept. 19; Part II, Examples of current trends, Sept. 22
Cosmetic preparations, the use of spreading coefficients for the evaluation and screening of—Anthony N. Paruta and John M. Cross, Oct. 43
Cosmetic problems in general practice, abstracts of symposium on, American Medical Association committee on cosmetics, Oct. 36
Cosmetic products, allergies to—Edward J. Masters, Jan. 25
Cosmetic relations between Canada and U.S.A.—J. P. Stewart, May 27
Cosmetic sales, mounting, show power of aerosol packaging—Thomas M. Hartley, Aug. 54
Cosmetic soap bases, fatty acids versus natural fats as—H. A. Molteni, March 55
Creative perfumers, a practical course for training—William Lambert, Oct. 34

D

Deodorant soaps, modern trends in—W. M. Linfield and R. E. Casely, March 47
Design, structural, helps solve your packaging problems—Mishel Greenberg, Aug. 43
Detergent bars, composition of modern—Donald Price, March 43
Dog Bane, fragrant flowers and leaves, Part I (Apocynaceae)—Edward S. Maurer, April 43
Dry cleaning, syndets versus soap for—A. Davidsohn, March 59

E

Elaegnaceae (Oleasters or wild olives)—Fragrant flowers and leaves Part III—Edward S. Maurer, Dec. 22
Electro-olfactograms in the rabbit—R. W. Moncrieff, July 24
Emulsifying agents, evaluation of esters of HPC as—S. C. R. Chokhavatia and J. Autian, Nov. 30
Emulsions, pharmaceutical, evaluation of—Phyllis Carter, Dec. 27
Emulsion study with sweet almond oil, an—William G. Sunkes and Glen J. Sperandio, Oct. 26
Endocrinotherapy, current, placenta in the light of—Dr. R. Sterba and Dr. A. Zenisek, July 19
Essential oils and synthetic scents, production of in Russia today—Peter W. Sherwood, Feb. 31
European contribution to aerosol technology—Dr. Hans Kubler, Dec. 35
Evaluation of esters of HPC as emulsifying agents—S. C. R. Chokhavatia and J. Autian, Nov. 30
Evaluation of pharmaceutical emulsions—Phyllis Carter, Dec. 27

F

Fatty acids versus natural fats as cosmetic soap bases—H. A. Molteni, March 55
Financial news of the industry—Edward A. Jones, June 76
Find cause and remedy for aerosol container corrosion, Nov. 43
Fixative properties of musks, the—Dr. J. Sfiras, Sept. 27
Fragrant flowers and leaves—Part I (Apocynaceae—Dog Bane or Periwinkle)—Edward S. Maurer, April 43
Fragrant flowers and leaves Part II (The Acanthaceae—Bear's Foot Family)—Edward S. Maurer, Nov. 47
Fragrant flowers and leaves Part III (The Elaeagnaceae—Oleasters or wild olives)—Edward S. Maurer, Dec. 22
Function, increasing importance of in cosmetic packaging—Ralph H. Thomas, Aug. 32

G

Glass containers, there's variety in stock—P. E. Roehrich, Aug. 42

H

Hair preparations head Canadian sales, Feb. 45
Histochemical studies on the percutaneous absorption of substances through normal skin—M. Bradshaw, July 15
HPC, evaluation of esters of, as emulsifying agents—S. C R.. Chokhavatia and J. Autian, Nov. 30
Hydrogen peroxide, improvements in or relating to the stabilization of (British Patent), Nov. 39
Hydrophile-lipophile balance, present status of—Paul Becher, Sept. 33

I

Improvements in or relating to the stabilization of hydrogen peroxide (British Patent), Nov. 39
Individual scent with a male or female perfume note—Karl Bergwein, Dec. 19
Industrial chemistry: 1935-1985—Mike Baker, July 26
Industry, financial news of—Edward A. Jones, June 76
Insecticidal efficiency of pyrethrum, perfumery chemicals affect, how—J. Pickthall, F. G. Sarel Whitfield and A. Howard Baker, April 34
Insoluble metallic soaps, metallic stearates—Philip D. Reed, Jr., March 49
Iodophors, chemistry and use of—J. J. Connor, May 44
Ion exchange resins in antiperspirant-deodorant preparations, use of—reports of the late Dr. Francis M. Thurmon, Sept. 30

L

Lanolin in oils, colloidal solutions of—Rachel C. Heald, Nov. 37
Lanolin Plus, a company profile—Jill Jessee, April 51
Leaves, fragrant flowers and, Part I (Apocynaceae—Dog Bane or Periwinkle)—Edward S. Maurer, April 43
Leaves, fragrant flowers and Part II (The Acanthaceae—Bear's Foot Family)—Edward S. Maurer, Nov. 47
Leaves, and fragrant flowers Part III (The Elaeagnaceae—Oleasters or wild olives) Edward S. Maurer, Dec. 22

M

Market, Canadian, what is the—Jacques Parent, May 28
Meet the impending threat of tighter money, how to—LeRoy L. Kohn, Dec. 33
Metal, packaging cosmetics in—Frank White, Aug. 57
Metal tubes, packaging cosmetics in collapsible, increases—Anthony A. D'Antonio, Aug. 52
Metallic soaps, insoluble, metallic stearates—Philip D. Reed, Jr., March 49
Metallic stearates insoluble metallic soaps—Philip D. Reed, Jr., March 49
Microorganisms, synthesizing chemicals and biologicals by—Oldrich K. Sebek, June 27
Mineral oils, white, new technology of—Arthur J. Franks, Feb. 23
Money, how to meet impending threat of tighter—LeRoy L. Kohn, Dec. 33
Musks, the fixative properties of—Dr. J. Sfiras, Sept. 27

O

Odor and molecular constitution—Dr. M. G. J. Beets, June 54
Odor and molecular constitution; a postscript—M. G. J. Beets, Oct. 12
Odor and olfaction, experimental findings on (American Society of Perfumers, Inc.) President's opening address

–Harry A. Cuttler, June 39
Odors, identification of–Dr. Trygg Enger, June 43
Oil, sweet almond, an emulsion study with–William G. Sunkes and Glen J. Sperandio, Oct. 26
Oleasters or wild olives (The Elaeagnaceae) fragrant flowers and leaves–Edward S. Maurer, Dec. 22
Olfaction, basics of–Dr. William Amols, June 41
Olfactograms, electro, in the rabbit–R. W. Moncrieff, July 24
Olfaction, physiology of–Dr. Don Tucker, June 48
o-Phenylphenol, a preservative worthy of reconsideration–Eugene E. Wiese and Robert E. Moebius, Jan. 23
Oxide, zinc ointment, a review–H. George DeKay, May 33

P

Packaged, is your cosmetic line appropriately–Wallace Ungemach, Aug. 38
Packaging, award winners show the trend in–Walter Frank, May 46
Packaging, cosmetic, increasing importance of function in–Ralph H. Thomas, Aug. 32
Packaging cosmetics in collapsible metal tubes increases –Anthony A. D'Antonio, Aug. 52
Packaging cosmetics in metal–Frank White, Aug. 57
Packaging, cosmetics in squeeze-to-use tubes–Henry E. Griffith, Aug. 48
Packaging documentary, Introduction to–Walter Frank, Aug. 31
Packaging, mounting cosmetic sales show power of aerosol–Thomas M. Hartley, Aug. 54
Packaging, structural design helps solve your problems –Mishel Greenberg, Aug. 43
Packaging, surface styling makes stock containers individualistic–D. A. Glenn, Aug. 49
Panax Ginseng–William A. Meer and George Meer, Jr., Oct. 29
Papers, discussion of (Symposium of American Society of Perfumers)–Dr. William Amols, June 64
Patents, valuable research tools–Bernard J. Cantor, May 30
Percutaneous absorption of substances through normal skin, histochemical studies on–M. Bradshaw, July 15
Perfume industry made big strides in research during 1960–Paul Z. Bedoukian, April 21
Perfume note, individual scent with a male or female–Karl Bergwein, Dec. 19
Perfumers, creative, a practical course for training–William Lambert, Oct. 34
Perfumery chemicals affect insecticidal efficiency of pyrethrum, how–J. Pickthall, F. G. Sarel Whitfield and A. Howard Baker, April 34
Periwinkle, fragrant flowers and leaves, Part I (Apocynaceae–Dog Bane)–Edward S. Maurer, April 43
Pharmaceutical emulsions, evaluation of–Phyllis Carter, Dec. 27
Pharmaceutical solids, mixing of; the general approach –David Train, Jan. 25
Pharmacologically active agents in cosmetics: Part I, Some definitions and basic considerations–Dr. Richard E. Faust, Sept. 19; Part II, Examples of current trends, Sept. 22
Physiological and biochemical changes of the aging skin –Irwin I. Lubowe, Nov. 44
Placenta in the light of current endocrinotherapy–Dr. R. Sterba and Dr. A. Zenisek, July 19
Plants in cosmetology, active principles of–H. Janistyn, Jan. 19
Preparation and properties of alpha-diketones–Dr. Kurt Kulka, Nov. 23
Preservative, o-Phenylphenol, worthy of reconsideration a–Eugene E. Wiese and Robert E. Moebius, Jan. 23
Preservative systems, comparative testing of–L. H. Macdonald, July 22
Problem of communication, the–Warren Schultz, Nov. 41
Problems encountered by U. S. Cosmetic firm operating in Canada–May 25
Product formulation, application of acid-base theory to–Robert J. Gerraughty, April 31
Product Information–Walter G. Fredell, June 71
Profile, company, Lanolin Plus–Jill Jessee, April 51
Properties, fixative of musks–Dr. J. Sfiras, Sept. 27
Pyrethrum, perfumery chemicals affect insecticidal efficiency of, how–J. Pickthall, F. G. Sarel Whitfield and A. Howard Baker, April 34

R

Research, perfume industry made big strides in, during 1960–Paul Z. Bedoukian, April 21
Research tools, patents, valuable–Bernard J. Cantor, May 30
Resins, ion exchange, use of in antiperspirant-deodorant preparations–reports of the late Dr. Francis M. Thurmon, Sept. 30
Respiration studies: Warburg flask, new technique modifies–Mervyn J. Huston, Feb. 46; Warburg techniques, general comments on–M. J. Huston, Feb. 47

S

Scent, individual with a male or female perfume note–Karl Bergwein, Dec. 19
Selling in the Sixties . . . a challenge–Herbert H. Lank, April 39
Sensitizer, is bergamot?–Robert E. Horsey, Oct. 31
Shampoos, baby–H. S. Mannheimer, June 36
Shampoos, is there a place for soap in?–John R. Gilman, Jr., March 62
Skin, normal, histochemical studies on the percutaneous absorption of substances through–M. Bradshaw, July 15
Skin, physiological and biochemical changes of the aging –Irwin I. Lubowe, Nov. 44
Soap, chemical additives to–Paul I. Smith, March 51
Soap emulsions, triethanolamine–Roy R. Failla, March 39
Soap industry, what are the social-economic aspects of the–Roy W. Peet, March 31
Soap in shampoos, is there a place for?–John R. Gilman, Jr., March 62
Soap, syndets versus, for dry cleaning–A. Davidsohn, March 59
Soaps, deodorant, modern trends in–W. M. Linfield and R. E. Casely, March 47
Soaps, insoluble metallic, metallic stearates–Philip D. Reed, Jr., March 49
Soaps, perfuming of, plus related products–Roy Huttleston, March 36
Solids, pharmaceutical, mixing of; the general approach –David Train, Jan. 25
Solutions, colloidal, of lanolin in oils–Rachel C. Heald, Nov. 37
Spreading coefficients for the evaluation and screening of cosmetic preparations, the use of–Anthony N. Paruta and John M. Cross, Oct. 43
Stabilization of hydrogen peroxide, improvements in or relating to the (British Patent), Nov. 39
Starches, key properties of–Otto Wurzburg and William Herbst, Oct. 23
Stock containers, surface styling makes individualistic –D. A. Glenn, Aug. 49
Structural design helps solve your packaging problems–Mishel Greenberg, Aug. 43

MAR 8 '62

Suspension Systems—John H. Wood, Oct. 37
Symposium, chairman's remarks (American Society of Perfumers) Christian F. Wight, June 40
Symposium, significance of (American Society of Perfumers)—William Lambert, June 38
Syndets versus soap for dry cleaning—A. Davidsohn, March 59
Synthesizing chemicals and biologicals by microorganisms—Oldrich K. Sebek, June 27
Synthetic scents and essential oils, production of in Russia today—Peter W. Sherwood, Feb. 31

T

Testing, comparative, of preservative systems—L. H. Macdonald, July 22
Threat of tighter money, how to meet impending—LeRoy L. Kohn, Dec. 33
Toilet Goods Association, Abstracts from the scientific section of, Dec. 24
Toilet Goods Association, scientific section abstracts from the, May 54
Toilet industry growing at increasing pace, March 67
Tools, research, patents, valuable—Bernard J. Cantor, May 30
Trends, present, in bubble baths—Dr. Karl Heyman, July 17
Triethanolamine soap emulsions—Roy R. Failla, March 39
Tubes, packaging cosmetics in squeeze-to-use—Henry E. Griffith, Aug. 48

U

Use of ion exchange resins in antiperspirant-deodorant preparations—reports of the late Dr. Francis M. Thurmon, Sept. 30
U.S.A. and Canada, cosmetic relations between—J. P. Stewart, May 27
U. S. Cosmetic firm operating in Canada, problems encountered by, May 25

V

Variety in stock glass containers, there's—P. E. Roehrich, Aug. 42

W

Warburg flask, new technique modifies—Mervyn J. Huston, Feb. 46
Warburg Techniques, general comments on—M. J. Huston, Feb. 47
White mineral oils, new technology of—Arthur J. Franks, Feb. 23

Z

Zinc oxide ointment, a review—H. George DeKay, May 33
